Trends

- Change of role of NGOs – new role after the crisis – government expectations
- Market requirements from NGOs
- Cost effectiveness gets to foreground
- To take a role in building of Knowledge- Based Society

Co-operation and quality

- Key of co-operation**
 - knowledge of condition
 - recognition of common interests
 - be in close good communication
 - mutual confidence – no competition
 - in advance determined roles, scopes of activities
- Opportunities of co-operation**
 - professional: common action
 - Economic: addition of sources
 - Social: Joining of forces

History of co-operation between Nimfea and NSC

- Nimfea Association identified nature conservation problem in 2000
- they developed a concept for complex solution in 2001
- development of local alliance with national park, local government, sheep grazing alliance, NSC in 2002
- Nimfea submitted a proposal for PGF in 2002
- NSC officer and local officer worked out a project proposal with the help of state financed experts (PGF) 2003-2004
- Proposal was submitted to ROP in November 2004
- ROP MA accepted the project, but the budget of the measure was run out – no money for execution – May 2005

Local government and Nimfea

Conflict of interest:

- Road between Túrkeve and Dévaványa
- Designation of Environmentally Sensitive Area

Same interest:

- Degradation of natural values
- Degradation of cultural values
- Unemployment
- Development of local tourism attractions

Local government and Nimfea

Good relation

- LG is partner of some projects of Nimfea
- Nimfea is partner of some projects of LG

Landscape Rehabilitation Program

- LG realizes some parts of this program
- Leader+

Experiences 1. Public foundation

- Law: 51% local govt. + 49% NGO
- Local mayor: girlfriend as chair of P.F.
- Two major parties: 1 person from each + 2 people from Nimfea

Result:

Majority of politics while funds from Nimfea - unacceptable

Experiences 2. NSC – Nimfea cooperation

Positive:

- For Nimfea:
 - money
 - expert help (1 year, 1 day/month)
 - PR
- For NSC/MTvSz:
 - SF reg. pol. program: case st., argument
 - PR
 - Stronger link with member group

Experiences 3. NSC – Nimfea cooperation

Negative:

- Too much responsibility & resource investment
- Local project assistant: weak ownership – delays
- Parts of project abandoned

Conclusion

*If our interest is the same
You will not stay alone
with your problems...*
